

EMOTIONAL HEALTH

KEYNOTE SPEAKER

AV REQUIREMENTS

COMPUTER, PROJECTOR & DISPLAYS

Jon provides his own Apple MacBook Pro and operates it himself from the stage lectern

- **Video**

Jon has a direct HDMI port and his entire presentation is controlled from his own MacBook

- **Audio**

Jon's presentation does NOT require audio

- **Slide Clicker/Advancer**

Jon uses his own clicker or controls his slides on stage

- **Computer Location**

Jon needs his Mac to be on a lectern on stage with him. He does not send his presentation to be run by the AV crew

- **Microphone**

Jon is happy to use a headset or lapel mic, but **not** a handheld mic

- **AV Testing / Soundcheck**

Jon will arrive at least 1 hour ahead of his speaking slot to check the AV is all working correctly

- **Comfort Monitors**

Not required by Jon

- **No Internet Access Needed**

Jon presents using his own laptop with all content embedded. No internet is needed.
